

## GBV & DV Course Snapshot

### Overview:

This practical training equips participants with the tools to understand, recognize, and respond to Gender-Based and Domestic Violence. The module blends theory with real-life scenarios, promoting survivor-centered, trauma-informed support and legal awareness.

### Key Topics Covered:

- Forms and dynamics of GBV and DV
- Recognizing signs of abuse across age groups
- Survivor-centered communication
- Safety planning & risk assessment
- Legal and ethical responsibilities
- Effective referral pathways

### Methodology:

Interactive sessions, case studies, role plays, and group discussions.

### Who Should Attend:

Professionals in social work, healthcare, education, law enforcement, NGOs, and anyone supporting survivors.

### Why It Matters:

Violence affects everyone. This training empowers you to be part of the solution, ensuring safer communities and stronger support systems.
